

Job Title: Workshop Technician**Job Code: IERC-26/01/TL3**

Location: Kolkata, West Bengal, India

About Us:

Industrial Equipment Research Centre (IERC) is a fast-growing tech innovator, passionate about automation and manufacturing the machines. We offer a dynamic, supportive environment where creativity thrives and impact is measurable. Join our team to shape the future.

The Role:

We're seeking results-oriented employees to elevate our workshop, drive qualified leads. You'll manage and analyze performance, and collaborate with our energetic team to achieve skills.

Responsibilities:

- Support our technical team
- Eager to learn

Qualifications:

- ITI (Turner / Machinist/Fitter/Welder/Electronics Mechanic/Mechanical) or equivalent
- Experience is good but fresher are also welcome
- Read, write and speak Bengali Language
- It is necessary to have the skills to speak a little English when traveling to other states in India

What We Offer:

- Competitive salary and performance bonuses.
- Food and lodging completely free (breakfast, lunch, evening snacks and dinner)
- Opportunities for professional development and career growth.

How to Apply:

You can send your CV through email or call us directly:
